SCHOOL OVERVIEW

Yeronga State High School is a truly International school that embodies its core values of Quality, Harmony and Sustainability. With students originating from over 50 countries. The school community is very proud of its long history of academic excellence and wide range of sporting and cultural pursuits. Our students enjoy a head start to the future with our strong partnerships with universities, business and industry, allowing opportunities for acceleration into formal tertiary study. This is an exciting school located in the affluent leafy inner suburbs of Brisbane's south where all students are engaged and challenged in their learning to achieve high quality pathways for the future.
