

Boyne Island

Environmental Education Centre

Boyne Island Environmental Education Centre is a residential school specialising in environmental education. Operated by Education Queensland, Boyne Island Environmental Education Centre is designed to provide international students, teachers and professional delegates access to high quality environmental education.

Coastal System Full Day Program

Visit an island in Gladstone Harbour and explore a variety of different coastlines; from tall sand dunes to saltpans and rock pools. Sit on the beach and be the only people there.

Australian Industry Full Day Visit

See where the aluminium that you use comes from. Visit the other end of trade and see how coal is sent internationally.

Australian Bush Wilderness Full Day Program

Paddle in a canoe to an uninhabited part of the Australian bush to explore the Boyne River and surrounding mangroves.

Please see individual sample itineraries for further information.
